Description

Compact, rugged and easy to use. Just aim and push the button, it reads current surface temperatures in less than a second. Safely measure surface temperatures of hot, hazardous or hard-to-reach objects without contact.

Product Table

Infrared Thermometer DT-8220	
Temperature Range	-50°C~220°C(-58°F~428°F)
Accuracy	±2% or 2°C
Distance Spot Ratio	1:1
Emissivity	0.95
Response Time Wavelength	500ms (8-14)um
Repeatability	±1% or±1°C
Resolution	0.1°Cor 0.1°F

°C/°FSelection	√
Data Hold Function	√
Auto Power Shut Off	√
Low Battery Indication	√

GENERAL CHARACTERISTICS

Power	2pcs LR44 button cells (1.5V/each)
Product Color	Red/white/Blue/Gray/Black/Green

PACKING INFORMATION

Standard Quantity Per Carton	20 PCS
Standard Carton Size	41.5*27*23.5cm
Standard Carton Gross Weight	4.7kg
