

Technical drawing of a mechanical part. The top view shows a circular cross-section with a shaded sector. The sector is defined by a 45-degree angle and a radius of 5. The side view shows a rectangular profile with a shaded section. The top edge of the shaded section is defined by a 60-degree angle. The letter 'E' is labeled next to the side view.

Technical drawing of a mechanical part, likely a bush or sleeve, showing a cross-section. The drawing includes the following dimensions and tolerances:

- Overall Length:** 50
- Inner Diameter:**  $\varnothing 14,5$  with a tolerance of  $\begin{smallmatrix} 0 \\ -0,1 \end{smallmatrix}$
- Feature D:** A feature labeled 'D' is indicated on the right side of the drawing, pointing to a specific location on the inner surface.

D
