

FEATURES

- Heat resistant
- Easy to use and fast to install
- UL 94V-2 Flammability rating
- Available in black and natural colours
- Suitable for a multitude of uses

RS PRO Black Nylon Heat Stabilised Cable Tie, 150mm x 3.6 mm

RS Stock No.: 811-1580

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO heat stabilised cable ties manufactured from Nylon 66 (also known as nylon 6.6) that are designed for use in high heat applications up to 105°C. These cable ties are a type of fastener used for holding items together, most commonly electrical cables or wires and are a one-piece, self-locking fastener. Functioning like straps to keep cables tidy, they're available in a range of sizes.

General Specifications

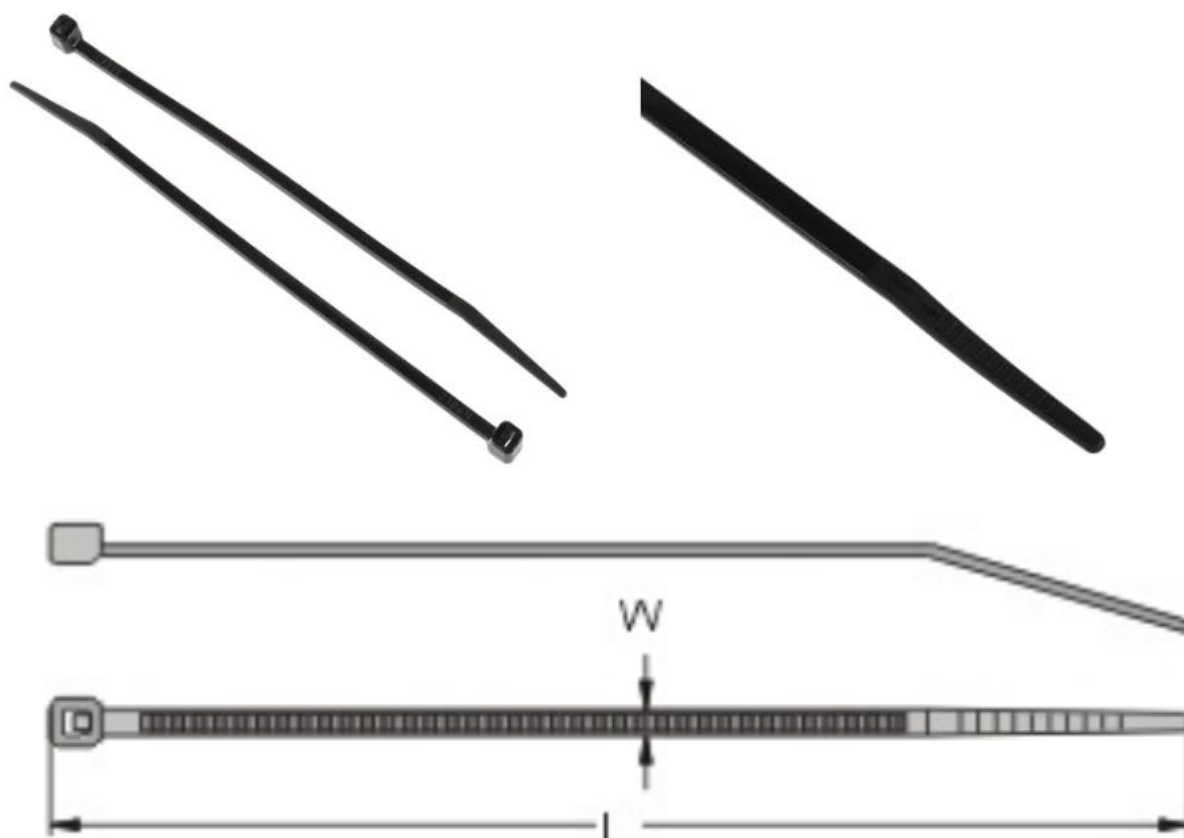

Type	Heat Stabilised
Colour	Black
Material	Nylon66
Application	Bundling wire together, applications in industries such as: Automotive industry, Transportation, Aerospace Industry
Resistant To	Heat resistant
Maximum Operating Temperature	105°C
Fire Behaviour	Flame Retardant
Quantity	100

Mechanical Specifications

Length	150mm
Width	3.6mm
Tensile Strength	176.4N
Maximum Bundle Strength	36mm

Approvals

Standards Met	UL 94V-2
